PROFESSIONAL SUMMARY

Motivated student with strong skills in Data Structures and Algorithms, and Full-Stack web development. Passionate about software development and solving real-world problems with efficient, scalable solutions.

EDUCATION

Vasavi College of Engineering, Hyderabad

2023 – 2027

Bachelor of Engineering in Information Technology - CGPA: 8.85

Telangana, India

(Honours in Artificial Intelligence and Machine Learning)

Sri Chaitanya Junior College, Hyderabad

2020 – 2022

MPC - Percentage: 95.1% and JEE-Mains: 94 percentile

Telangana, India

Sri Chaitanya High School, Warangal

2020

SSC - GPA: 10.00/10.00

Telangana, India

WORK EXPERIENCE

Olcademy Company Intern

Feb 2025 - Sep 2025

- Full stack Intern (6 months) - Certificate 

Delhi, India

- Built scalable, high-performance applications using the MERN stack and industry best practices.
- Collaborated with a team on Project-Z, a food delivery website, using modern tools to deliver robust solutions.

Edunet Foundation by Microsoft Internship

Feb 2025 - Mar 2025

- Artificial Intelligence - Certificate 

Remote

- Developed AI modules using machine learning algorithms and real-world healthcare datasets.
- Contributed to intelligent diagnostic and decision support systems for medical applications.

PROJECTS

DeepFitAI Mobile App | ML, Mediapipe (Pose Detection), TensorFlow, Python — LINK  2025

- Built an AI/ML system for Live camera video detection exercises like jump, height, sit-ups, and run distance.
- Implemented graph-based exercise analysis with scoring to evaluate movement accuracy and performance.

Local-Connect E-commerce Website | MERN Stack, REST APIs

2025

- Integrated a unified web platform allowing users to book repair services and securely buy or sell event tickets.
- Combined user-friendly interfaces with efficient backend logic to ensure seamless functionality.

AI-Based Medical Diagnosis System | Python, Healthcare Datasets — Source Code  2024

- Designed and implemented an AI disease detection system using Python and machine learning algorithms.
- Utilized healthcare symptom data to deliver accurate medical predictions and enhance diagnostic support.

SKILLS

- **Technologies and Frameworks** : React.js, Node.js, MERN Stack, Git, MongoDB, Flask, HTML, CSS.
- **Programming Languages** : Java (object-oriented design), JavaScript, C/C++, Python, SQL (Database).
- **Soft Skills** : Problem Solving, Team Collaboration, Communication, Adaptability, Time Management.

ROLES AND EXTRA CURRICULAR ACTIVITIES

- **Amazon ML Summer School Scholar 2025** . Certificate 
- DSAC-IT Club Member (**Web Development**) - Vasavi College Of Engineering, Hyderabad.
- Participated in **Indian Speed Star (District-level running trials)**, Warangal, Telangana. 

CERTIFICATIONS

- **Walmart Global Tech** – Advanced Software Engineering Certification. 
- **Microsoft** - Career Essentials in Data Analysis Certification. 
- **Cisco Networking Academy**- Introduction to Networks Certification.
